conforms the hygiene requirements of the guideline
VDI 6022 sheet 1 (January 2018) Ventilation and
indoor-air quality; Hygiene requirements for ventilation
and air-conditioning systems and units.

The conformity inspection was passed by test units installed at
IV Produkt AB in Växjö and by sample sets of the local production.
Additionally Installation and User Instructions have been checked.
Audit period: June – December 2016.

The test parameters and results are available on test reports 6142p4,
6142p5 and 6142p6 each of 20 December 2016. A verification from
November 2019 to May2020 proved the conformity with the test reports
9032.004, 9032.005 and 9032.006 each of 08 May 2020.

This certificate also attests the conformity to the hygiene requirements
of VDI 3803 (February 2010) at the time of inspection. The certificate is
valid for identical devices until April 2023, subject to any changes to the
design or materials used.
